Re: Your August 10, 2020 Public Records Act Request

Dear Churchwell White LLP:

This letter is to follow up on your public records request item number eight "All contracts for any electricity purchased from the SFPP Joint Facilities".

Per the August 18th communication we stated the following:

As to Request number 8, unusual circumstances exist such that the Agency cannot, at this time, determine whether your Request number 8 identifies copies of disclosable public records. Pursuant to Government Code section 6253(c)(3), the Agency needs to consult with Pacific Gas & Electric Company, its power purchaser, given that the requested contract contains a confidentiality clause. Consequently, as to Request number 8 the Agency is extending its initial 10-day response an additional 14 days, until August 31, 2020.

After consultation with Pacific Gas & Electric (power purchaser), South Feather is authorized to provide the power purchase agreement per your request.

As a result of the North Complex West Zone Fire all mail service for Oroville has been halted so hard copies will be delayed for receipt.

Attached to this letter is a pdf. File of the agreement. If you prefer a hard copy, please coordinate a representative to make an appointment and travel to the South Feather office for pick up.

Sincerely,
South Feather Water and Power Agency
